

MEET PEBA'S NEW PRESIDENT
By Diane Lirio, Vanguard

As a long term PEBA member, I was thrilled to accept the opportunity to become President of the PEBA Board of Directors for 2011. I'm looking forward to working with PEBA's staff, the various committees, and the rest of the Board to deliver an exciting slate of events from the annual forum in the spring to the monthly programs.

PEBA's programs were critical to building my compensation knowledge at the start of my career. Attending events and meeting other members helped me develop a strong network of area professionals who I could call on at any time. This year, one of my goals is to meet as many members as I can. PEBA depends heavily on the membership to drive the agenda through participation in events and committees. This is your organization and I'm proud to have been elected to continue to build the membership and give back to this wonderful organization that has given me so much over the years.
